Tepe Home[®]

The image shows the storefront of a Tepe Home store at dusk. The building has a dark facade with a large illuminated sign that reads "Tepe Home" in a serif font, preceded by a square logo containing the letters "TH". The store's interior is visible through large glass windows, showing a modern living space with sofas, armchairs, and tables. The interior is warmly lit with yellow lamps, contrasting with the cool blue tones of the twilight sky. The store is elevated on a concrete base, and the foreground shows a wet, reflective surface, possibly a pool or a wet plaza, with some small, rounded bushes in the lower left corner.

COUNTRY

Country style is relaxed, peaceful, inviting and calm. It also encourages a sense of the 'lived-in'. These are comfortable houses full of history. Because of this, they can afford to be a little more loose, slightly gentler around the edges. These are houses for families, for people of all ages.

Our Country collection is inspired by features found in a number of rural regions. It is willfully nostalgic yet at the same time imbued with an air of freshness, bringing light and joy to any home.

While romantic in tone, the natural textures, neutral colour patinas, and the unfussy details bring the collection up to date. The end result is a wonderfully comforting environment, a perfect retreat from the stresses of modern life.
