## Modern

Confident, ingenious,  
and cool

# Sorte

Plenty of personality and lots of comfort

When you think of modernism the first images that spring to mind are clean lines, and understated textures. The Sorte sofa set has been designed with those parameters uppermost.

The high back and arms of Sorte invite you to curl up, while the seat encourages you to stretch out.

Modern but not overly formal with a soft and light upholstery, Sorte is the perfect foundation for a sophisticated living space.

Sorte Armchair with metal frame can instantly uplift the look of your living room. It fits very well with modern set-up, however just throw a traditional cushion, and see how it will blend in your style.

# Stylish as expected MILANO

The Milano is as stylish as one might expect from a collection bearing an Italian name. It turns the form and texture which is shaped in the hands of craftsman into a furniture/artwork by retaining their minimalist forms and plain lines.

Its fabric is both luxurious and striking, the base of the furniture picked out in dark wood. Boldly-striped cushions act as a contrast to the material. STEP armchair with gently rounded arm-rests completes the sofa.
