# GRAY

The Gray Bedroom is a brilliant example of when the urban meets nature. Its appeal comes from its sense of authoritative simplicity. It is a confident set designed for those who want to make a bold statement but in a subtle way. The color palette comprises a series of earth tones, light browns and slate grey. The surfaces are veneered oak, the edges trimmed in a contrasting and darker tones. The cabinet handles and the headboard follow the same theme, everything blended in a Zen-like harmony to create an overriding air of calm. Perfect for the contemporary urban dweller.

# COUNTRY

Country style is relaxed, peaceful, inviting and calm. It also encourages a sense of the 'lived-in'. These are comfortable houses full of history. Because of this, they can afford to be a little more loose, slightly gentler around the edges. These are houses for families, for people of all ages.

Our Country collection is inspired by features found in a number of rural regions. It is willfully nostalgic yet at the same time imbued with an air of freshness, bringing light and joy to any home.

While romantic in tone, the natural textures, neutral colour patinas, and the unfussy details bring the collection up to date. The end result is a wonderfully comforting environment, a perfect retreat from the stresses of modern life.

# VICTORIA

The Victoria Bedroom is irresistibly alluring, employing ultra smooth aged-white finish solid oak veneer with aged brass handles and a matching headboard handcrafted in an oyster colored upholstery.

The selection comprises a high-backed bed, ornate nightstands, dresser, and a wardrobe. Glamorous yet unfussy, the Victoria is a highly desirable design.
